## SEMH Practitioner

### My Job...

I work as mental health practitioner on the SEMH team and joined the service in 2018.

The team provides support for children, young people, families and staff with the aim of early intervention and prevention.

My role involves delivering traded work as commissioned by schools mainly in West Norfolk and taking part in Core Consultation Meetings with schools

### What I might do in school...

- Carry out assessments, interventions and consultations with children and young people with SEMH needs.
- Give advice and support directly to teachers.

### My Areas of Interest...

All areas of Mental Health Attachment and the importance of early years

### What is important to me...

My family and my dogs  
My friends and colleagues  
Working to support children with SEMH difficulties

### Background...

I worked at the Short Stay School supporting KS2 and KS3 pupils and worked on the outreach team to support pupils in mainstream schools.
