

Caroline Hatch

SEMH Practitioner

My Job...

- I work with children and their parents to help them to understand the challenges they face.
- I work with schools to help them to understand the difficulties and to offer suggestions that might improve the learning experience for all staff and students.
- I provide ideas that support schools when trying to find additional resources and strategies to support students.

What I might do in school...

- Consultation
- Assessment
- Intervention

My Areas of Interest...

- Mental Health
- Autism

What is important to me...

- Listening to students.
- Listening to parents.
- Listening to staff.

Kindness and understanding is an essential part of my role
